RETREATS

WELCOME TO ICI

- STRATEGICAL MANAGEMENT COMMITTEES
- COACHING & MINDFULNESS SESSIONS
- PERSONAL GROWTH RETREATS
- TEAM BUILDINGS
- REMOTE OFF GRID WORKING

Welcome to ICI,

a collection of unique cabins, in an exceptional rural setting, awaits your group to (re)-energize, get to know each other better and have focused interactions.

Choose your collection:

- ICI at the stables
- ICI in the trees

We offer tailor-made company retreats for groups between 6 - 25 persons.

ICI AT THE STABLES

ICI at the stables, based in Nassogne, Wallonia wants to highlight the short chain and circular agriculture with seasonal and quality products from our place, combined with unique stays.

Scattered across the grassy plains of Magerotte are 6 mobile cabins, whose design is based on the adjacent authentic pig houses.

Because our cabins are completely embedded in nature and agriculture, this is the ideal place to unwind in a low-incentive environment. While enjoying the stunning wide views, your body and mind will relax to the fullest.

YOUR STAY IN THE CABINS

Our site with 6 comfortable, light cabins and a 50sqm greenhouse with IT facilities serve to different types of gatherings for your company such as team buildings, coaching sessions, strategic meetings and mindfulness workshops.

No need to worry about food; we can offer breakfast, lunch and dinner made of local products. If you wish you can slow cook yourself on our open fire, or our chef at home can provide a delicious meal for you and the team.

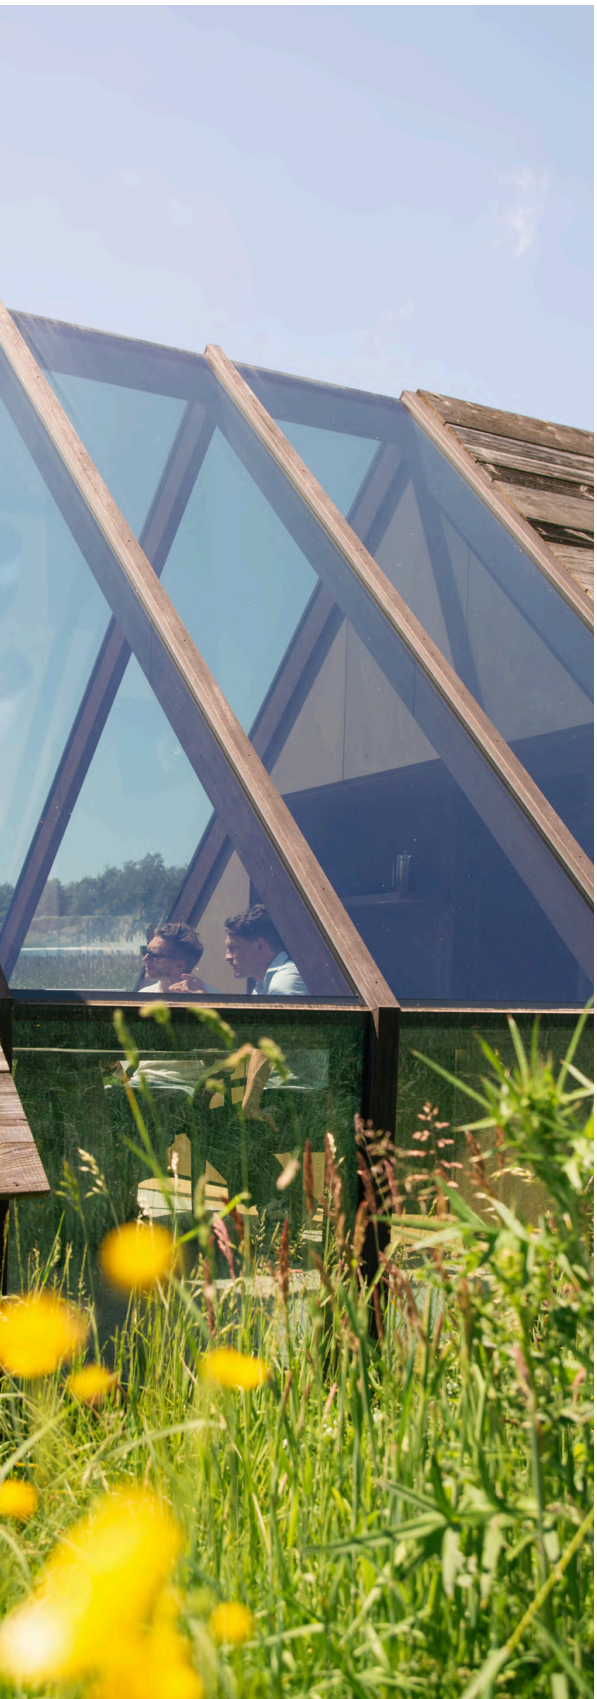

Looking for framing activities? Rent electric bikes and explore the beautiful countryside, discover the river by kayak, or put on your hiking boots and head out.

FOR ALL TASTES AND EXPERIENCES

STRATEGIC MANAGEMENT COMMITTEES

Meet with full focus to discuss your goals in a low-stimulus environment. Our greenhouse has several IT capabilities to do this efficiently and pleasantly.

COACHING AND MINDFULNESS

The tranquil nature, the greenhouse and our minimalistic cabins provide an ideal context for accomplishing this ancient form of meditation with full focus.

PERSONAL GROWTH RETREAT

With fresh air, everything goes much more smoothly, right? Connect with your mind in the middle of nature.

TEAM BUILDINGS

Connect with each other surrounded by the agricultural and natural setting. Biking, hiking, kayaking, eating together and hosting a game or workshop, it's all possible.

REMOTE OFF GRID WORKING

Literally step away from your usual workplace and work with a fresh mind in an amazing naturel setting. New ideas will follow naturally.

FACILITIES

oo AVAILABLE BEDS

We can host up to 30 persons in total, but we recommend sharing the cabins per 2-3.

If more capacity is needed, you can book the gite of the Magerotte farm with 2 additional bedrooms or one of the 6 cabins in the trees at 15 km.

oo THE GREENHOUSE

We are happy to welcome you in our cosy 50 sqm greenhouse, a soft parallel world where you can leave the outside world behind. You can enjoy the necessary comfort: tables and chairs, the needed IT facilities, internet, electricity and fully equipped kitchen.

To make you feel completely at home we use the concept of no shoes only. An ideal place to relax, to give coaching sessions, meetings or workshops.

FOOD AND BEVERAGE

We offer the possibility catering for breakfast, lunch or dinner. Be sure to try the ragout or the raclette option from the local butcher and cheese producer.

Would you rather prefer a private chef? Our chef Toon de Bock will be happy cook on an open fire for you while you and your team enjoy the panoramic view and the crackling fire.

Don't forget to try our local cider, apple juice and regional beers.

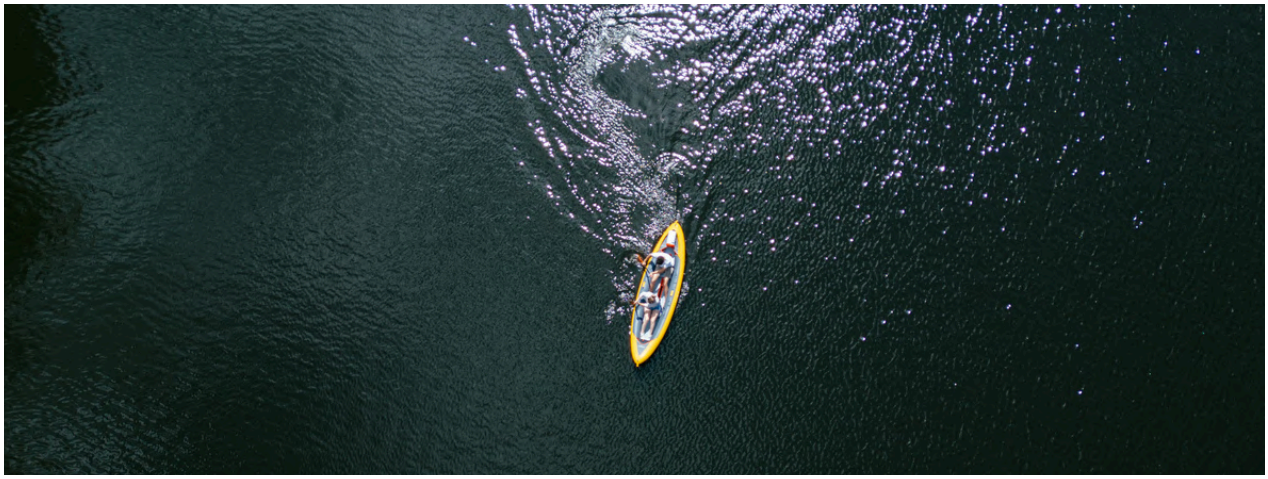

ACTIVITIES

You can go for a hike, rent out (e)bikes or combine it with a packraft, an inflatable kayak that fits in a kacpack, to discover the stunning nature in the immediate surroundings. Or enjoy a relaxing yoga session in the sun.

The beautiful Grande forêt de Saint-Hubert is literally at your doorstep.

A mid golf course while discovering regional beers is also at your disposal.

ICI IN THE TREES

Or are you up for an off grid experience?

Our 6 tree houses are scattered in an 11.2 hectare forest on the outskirts of the village of Humain. This picturesque hamlet of 250 inhabitants is located a stone's throw from Marche-en-Famenne, on the border between the provinces of Luxembourg and Namur.

The forest is located 15 kilometers from Nassogne and can be easily reached by electric bike.
